ETVO WORKSHOPS IN THE KITCHENER – WATERLOO AREA

Two ETVO workshops, held on January 15th and 16th at Laurel Vocational School (Waterloo) and Forest Heights Collegiate Institute (Waterloo), were attended by approximately 750 secondary school teachers from the Kitchener-Waterloo area. These workshops provided a unique opportunity to enlist the aid of the audio-visual technicians, the regional Program Consultant ETVO and the ETV equipment in the Kitchener-Waterloo high schools. This arrangement permitted eight separate subject groups of teachers to use eight separate closed-circuit television systems. Subject areas covered were (i) Physical Education, Guidance and Home Economics, (ii) Science, Technology & Trades, (iii) Mathematics, (iv) Commercial, (v) History and Geography, (vi) English, (vii) Languages, (viii) Science. Each subject group had its own discussion leader and recording secretary who provided much valuable feedback.

Teachers' comments related to:

a. content and techniques of the particular program viewed and other ETVO programs they had used.

b. sharing of ideas on effective utilization of these telecasts in the classroom.

c. identification of areas within their courses of study where the capabilities of television might be used to best advantage.
